Joyful Living Services is giving a "How to Build an Alternative Health Business" Course.

Course Definition

So, you want to work with the public in an alternative health setting. Are you overwhelmed wondering what step you should take first, second, third, and so on? This course is designed to help you eliminate the overwhelming feelings and help you get organized and create a successful alternative health business. If you are already in business this course can help organize the way you run your business and help market your business.

Organization

In order to create a successful business you have to be organized. Organization is the key to success in business because not only do you have to keep up with your paperwork for tax purposes, but depending on what type of health business you are going to start, there is always paperwork involved. Not to mention supporting your clients and creating new business at the same time. So where do you begin?

Course Details

This course runs for 16 weeks online and will begin March 11. It contains 16 lessons on the web which are given 1 lesson per week. You will follow along with us 1 week at a time. The files are in PDF format and will be ready to download every Thursday evening. You will receive a certificate at the end of this course. There is work that needs to be completed for each session and there is a test at the end of the course that needs to be notarized and sent in to us for credit. The work will be noted and the test will be graded as you turn them in. They will need to be mailed, faxed, or e-mailed to us. This course is on your own time so you can complete the lessons at your own pace or you can complete them once a week as the course runs. If you are going on vacation, are ill, or don't have the time every week to read the lesson and complete the work you will not be penalized. Because this course is online and is on your own time, you are responsible for turning in your work when it is done. You will receive your certificate once all the work has been turned in and once your final exam is graded and passed. The certificate will state that you have studied business development which will give your customers confidence in you and your business.
