

**JOYFUL LIVING SERVICES**

# August 2010 Specials

## NEW: IIPA Consultant

Joyful Living Services is a member in good standing in the International Iridology Practitioners Association (IIPA). Go to the following link for a consultant to help you learn about starting and running your own Iridology practice: <http://www.iridologyassn.org/iipa2/iridology-practice.aspx>

The following are our August Specials. Please contact our office at 1-800-704-9800 or 530-878-1119 if you are interested. You can also reach us by e-mail at [iridology@netzero.net](mailto:iridology@netzero.net) and by fax at 530-878-1119. Our web site is located at <http://www.joyfullivingservices.com>. All specials are listed on the web site located at the "August Specials" link. **All our specials make excellent gifts!**

	<p><b>SAVE 50% on "Become a Certified Iridologist" Course Series Regularly \$900.00 August: \$450.00</b></p>	<p>Order the Beginning, Intermediate, and Advanced Iridology Correspondence courses all at one time and purchase them at \$450 instead of \$900! This saves you \$450! Receive 9 DVDs or 9 video tapes plus manuals on 3 CD-ROMs. If you want manuals printed then there is an extra \$25 charge for printing services. Please see our catalog for an order form and to read the course descriptions. Go to: <a href="http://www.joyfullivingservices.com/handouts/bcii.rtf">http://www.joyfullivingservices.com/handouts/bcii.rtf</a> to download the information on the course. <b>Course is certified and approved and offers 40 CECs through the Board of Registered Nursing – Provider No. 13837.</b></p>
	<p><b>Sign up as a Nature's Sunshine Member or Distributor and receive 20% off your 2<sup>nd</sup> order up to \$200 and free shipping!</b></p>	<p>This special applies to any of our Nature's Sunshine Products. Sign up for 1 year for free with your purchase of \$40 worth of products. When you place your 2<sup>nd</sup> order you will receive 20% off and free shipping! The 1 year membership will entitle you to order any and all of our health products at 30-50% off for 1 year which is much lower than most health food stores and the quality is much better. You can be sure you will receive the best quality from Nature's Sunshine. There is no monthly obligation or volume to quality. Go to: <a href="http://www.mynsp.com/generali/index.aspx">http://www.mynsp.com/generali/index.aspx</a> to look up the products and make your decision.</p>
	<p><b>SAVE \$100 On Our CERTIFIED Health and Nutrition Counselor Course Regularly: \$300.00 August: \$200.00</b></p>	<p>Online and CD-ROM course. The science of nutrition is the study of the nutrients in food and the body's handling of these nutrients. You are made entirely of what you have eaten. Your skin, which has reliably covered you from the time you were born, is not the same skin that covered you seven years ago; it is made entirely of new cells. The fat beneath your skin is not the same fat that was there a year ago. Your oldest red blood cell is only 120 days old, and the entire lining of your digestive tract is renewed every three days. This course is designed to teach you about proper nutrition and the role it plays in your health and the health of others. <b>Course is certified and approved and offers 40 CECs through the Board of Registered Nursing – Provider No. 13837.</b></p>
	<p><b>SAVE \$100 On Our CERTIFIED Herbal Counselor Course  Regularly: \$300.00 August: \$200.00</b></p>	<p>Online and CD-ROM course. Herbs perform many healing functions in the body. Although herbal remedies are less likely to cause side effects, they can be very potent. Since herbs contain active ingredients, you should be aware that some of these elements might interact negatively with prescribed medications. This course is designed to teach you about the safety of herbs and how to use them appropriately. Sessions include: Introduction to herbs, Herbs and their Uses, The Action of Herbs, Digestive, Intestinal, Glandular, Nervous, Respiratory, Circulatory, Urinary, Structural, and Immune Systems, Common Ailments, Historical Uses of Herbs, Weight Gain and Loss, Herbs &amp; Surgery, Herbs that should not be used with Medications. <b>Course is certified and approved and offers 40 CECs through the Board of Registered Nursing – Provider No. 13837.</b></p>

We are happy to report that we are carrying the eyePIX handheld Iridology Camera. The eyePIX Handheld is the exciting product which has been released by Iris Supplies. This product was designed to be inexpensive while maintaining a high standard of image quality required by all our iridology cameras. Unlike other cheaper Handheld Iridology Cameras on the market, the eyePIX Handheld uses a superior lighting system with flash to take true color images with the correct exposure. It also features a high quality 10 mega pixel SLR Digital Camera to guarantee high resolution images. This product is very portable and is now the lightest and smallest of our range. The eyePIX Handheld can be used for Iridology, Sclerology & Animal Iridology. It can also be convenient for young children and bed ridden people. If you're an Iridologist or Practitioner on a budget that needs to be portable, and wants to take high quality images, then the eyePIX Handheld is for you.

**Features:**

- Specially designed lens for iridology
- Superior lighting system with flash for true color images
- Twin and single side lighting
- Small and lightweight
- 10 mega pixel camera
- Easy to use

The eyePIX Handheld does not use cheap and inferior LED lighting that distorts color and image quality and limits depth of field.

Click on the following links to see larger examples of the images the eyePIX can produce:

Joyful Living Services in partnership with Allison Imaging is excited to announce that we now offer a **15.1 MP Canon EOS Rebel T1i EF-S Digital SLR Camera** that has the capability of viewing the eye live on the 3.0-inch Clear View LCD screen making focusing a breeze. We can also zoom in on the back screen 10X for even more precise and easier focusing.

This camera is a high resolution 15.1MP Iridology setup which offers uncompromising quality at an affordable price. The digital sensor in this award-winning camera incorporates extra large pixels that are specifically optimized for low noise and high saturation giving you the best image quality available. We use a highly regarded macro lens along with two flash units for a consistently better flash than from any fiber optic unit. This allows for greater depth of field and consistently clearer pictures. The flashes are still within the pupil so no part of the eye is obscured.

Because of the power of our unique Iridology system, you can greatly magnify the size of the image on your computer screen (see the examples on pages 4-6 of this handout). This gives you the option to zoom in and observe minute nuances that are simply unavailable with other cameras. See the pages 4-6 for examples of the quality you can add to your practice. Now check the images from other cameras and see why we are so excited to offer this setup at this price.

The portable fully adjustable custom stand is made of heavy duty plate aluminum with stainless steel guides rather than the plastic found in other systems.

**UPDATED!**

**August: \$3,600.00 with face stand and case**

**\$2,690 as a handheld Case: \$100 Free upgrade to 15.1 MP \$75 shipping within the US**

**Software for iridology reporting is the Iridology Station 5.1 and is sold separately for \$500.**

This gives you unequaled strength, stability and longevity. It is easy to set up on any table, at any location for ultimate portability and comfort.

The lighting system gives you perfectly illuminated shots every time without flash spots on the iris. The twin head focus light is embedded in the flash ring giving you ease in focusing while being easy on the client.

The camera comes with all the drivers, manuals, and instructions making it easy to take stunning pictures that will impress your clients and offer excellent clinical advantages over any other camera in this price range. We recommend the Iridology Station 5.1 software that will automatically scan the iris and compile a report that you can share with your clients making the start of your business a breeze. Camera comes with a 1-year manufactures warranty.

Camera model is a Canon EOS Rebel T1i EF-S Digital SLR Camera and comes with a 105mm macro lens. It features Canon's EOS Integrated Cleaning System, Live View Function, a powerful DIGIC III Image Processor, plus a 12.2-megapixel CMOS Sensor. The EOS Rebel T1i EF-S refined, ergonomic design includes a new 3.0-inch LCD monitor, compatibility with SD and SDHC memory cards and new accessories that enhance every aspect of the photographic experience.

**See the following 5 pages for more information on the camera as well as examples of the quality you can produce with this camera.**

**The Canon EOS Rebel T1i EF-S Digital SLR Camera** is packed with features, both refined and new. In addition to its admirable performance with an all-new 15.1 Megapixel Canon CMOS sensor, DIGIC 4 Image Processor, a 3.0-inch Clear View LCD with anti-reflective and scratch-resistant coating and compatibility with the EOS System of lenses and Speedlites, the EOS Rebel T1i adds remarkable Full HD video capture at resolutions up to 1920 x 1080.

An HDMI port allows for quick connections to high definition TVs and monitors for easy viewing of your stills and video. The entire operation is simple and easy even if you are a beginner. You'll have uncompromised EOS Digital performance with power and flexibility right in the palm of your hand. Canon's CMOS (complementary metal oxide semiconductor) sensor captures images with exceptional clarity and tonal range and offers the most pixels in its class. It offers many of the same new technologies as used by Canon's professional cameras to maximize each pixel's light gathering efficiency

Its APS-C size sensor creates an effective 1.6x field of view (compared to 35mm format). Canon's DIGIC 4 Image Processor dramatically speeds up all camera operations for intuitive operation and offers improvements in both fine detail and natural color reproduction. It works in concert with the EOS Rebel T1i's image sensor to achieve unprecedented levels of performance in all lighting situations. The EOS Rebel T1i shoots brilliant video, even in full high definition. By simply selecting Movie mode on the EOS Rebel T1i's mode dial, the camera's 3.0-inch LCD lights up and it's ready to go.

Shooting is at a frame rate of 30 fps when shooting SD or HD quality video (640 x 480 and 1280 x 720 pixels, respectively) and at a frame rate of 20 fps in Full HD (1920 x 1080 pixels) recording. Sound is recorded through the camera's built-in microphone. Playback modes are simple to access, and all Live View AF features can be used in shooting video.

## Features

- 15.1 Megapixel CMOS sensor with DIGIC 4 Image Processor for faster processing of fine detail and natural color reproduction, 14-bit A/D conversion for smooth color tones and gradations
- Full HD video capture at 1920 x 1080 resolution with HDMI output for HD viewing of stills and video
- Live View Function for stills (Quick, Live and Face Detection AF modes) and video
- 3.0-inch Clear View LCD (920,000 dots/VGA) monitor with anti-reflective and scratch-resistant coatings for improved viewing and smudge protection
- Auto Lighting Optimizer for superior highlight-shadow control
- Wide range ISO setting 100-3200 (ISO expansion: 6400, 12800)
- Creative Auto goes a step beyond auto allowing control over frequently-changed settings
- Compatible with over 60 Canon EF/EF-S lenses and most EOS System accessories

## What several of our Customers have said about the SD8004 and Services:

"Brenda, Stephanie's short and sweet message has brought an immense joy to my family's heart and we want to share this moment with you. You have been an outstanding mentor, a woman of great integrity and a true humanist. We hold you in great esteem in our heart and we will never stop expressing our sincere gratefulness and appreciation to you and Joyful Living Services." Dr. DC Tshibangu

"Good day Brenda, I am happy to let you know that I received the 2 shipments. Thank you very much for your dedication and support. The whole family was motivated by my 'Intermediate Iridology Certificate'. I am busy completing my 'Advanced Iridology', reading, Dr. Jensen's Iridology Volume II, and Mr. Mehlmauer's Sclerology. Very soon I will start studying my Muscle Testing and may contact you for assistance if need be. My [SD8004 iridology camera](#) has also been retrieved from Customs yesterday. We are all very much excited because we are slowly but surely fulfilling our dream. I sincerely express my deep appreciation to you and my family for your continued support and encouragement." Dr. DC Tshibangu

"I have purchased the SD8004 Super Digital Iridology Camera and would like to share something for you Brenda. I live in Botswana. I not only had no problems with receiving my camera, but would like to thank Brenda and Chris very much for their total support and help for everything. I truly love the camera, as I have found it sturdy, convenient and quite easy to use. It has made a big difference in iris photo taking of my clients and patients. Not only is there no distraction of lights in the iris, but focusing is a pleasure, not only for myself but for my clients as well. I do not have to take long to take their pictures, so in turn there is no stress on their eyes. The instructions are easy to follow. I recommend this camera for all those Iridologists that want to make their consultations easy and comforting to their patients. Brenda, I thank you so much for your time in answering all my questions prior and after buying your camera. With email access, all this was possible & hassle free. Thank you Brenda and Chris for all your support. It has helped my practice tremendously." Mrs. Allie
