JANUARY 2012

VOL. 21, NO. 01

**Happy New Year
 From All of Us
 At
 Joyful Living Services!**

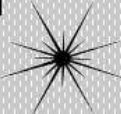

I am very excited to share with you that I am going to be a guest speaker at the **2012 IIPA (International Iridology Practitioner's Association) 7th Annual Symposium!** Please "Mark Your Calendars" for February 24th - 26th in Las Vegas, Nevada at the Hilton Garden Inn. I hope you will be able to attend the symposium. It will be fantastic with speakers from all over the world speaking about the latest research in iridology. I will be speaking about Brachial Plexus, what it is, and how it shows up in the iris. This is a very important topic with children these days and we will discuss ways to help heal the brachial plexus injury. The more iridologists in the world that know about this injury, the more children that can be helped. Visit our website and the IIPA website at <http://www.iridologyassn.org> for more information and updates as time draws closer. I hope to see you all at the symposium in February. The registration form to attend is attached to this newsletter.

New Year – New Rear!

I have been involved in Zumba for almost a year! It's really a fun way to exercise. It's a combination of Latin dance and aerobics. There's a lot of shaking going on in the classes and a lot of great energy being created.

For me Zumba is more than just exercise. It's a way to make connections with people. A way to keep my body in shape and my blood pressure and cholesterol under control. It's a great way to have fun since I love to dance and love aerobics.

The "New Year – New Rear" idea came from our Zumba instructor, Kirstin Dawson of Studio Z. Kirstin *has* always had a passion for fitness and has always enjoyed living an active lifestyle.

I think the slogan is hilarious and motivating at the same time. Since January is the time when most people make "New Year's Resolutions" and they start going to the gym and going on diets, it's great to think that you can have a "new rear" by dancing to Zumba! We are working hard to fit in those bikini's come summer! Find out about our dance studio at <http://www.zumbainthehills.com/> and come join us!

What is Zumba? Zumba Fitness® is the only Latin-inspired dance-fitness program that blends red-hot international music, created by Grammy Award-winning producers, and contagious steps to form a "fitness-party" that is downright addictive. Since its inception in 2001, the Zumba program has grown to become the world's largest – and most successful – dance-fitness program with more than 12 million people of all shapes, sizes and ages taking weekly Zumba classes in over 220,000 locations across more than 125 countries. <http://www.zumba.com/en-US/about/>

Confessions of a Conservative

By James Ackerman

Those of you who do not know me well may be surprised to learn that I possess a different political perspective than many of you. For some time now I have sensed that there are divisions growing in this Nation with two competing visions for the future. These differences seem to be amplified by the talking heads on network news. However, in my personal experience I find that people are essentially good and I am often encouraged by those who are always willing to lend a hand. Odd then that when it comes to politics, those I encounter on either side of the divide are growing less tolerant and seem to be losing the ability to understand another point of view.

When it comes to relationships, the author Vern Black in the book [Love Me? Love Yourself](#) characterizes this behavior as a level of integrity called "Adversary". Briefly explained, the base level of integrity is entitled "Disloyalty", whereby the individual plays the role of victim. Once they tell the truth about their lives, they reach the second level of Adversary. At this level they have discovered a personal truth that they assume must be true for all others as well. This leads to quarreling to support ones viewpoint since one believes their survival depends on it. To ascend from the level of Adversary, one must look beyond their viewpoint and go for results.

Now there are many levels in what Vern Black calls the "Integrity Tone Scale", but I stop here since it is germane to my discussion. As a nation and a culture we seem to be stuck in the quagmire of "being right", perhaps even at the expense of our own values. In this New Year we might do well to reexamine what results we want for ourselves, our family, our community and our country. Imagine the possibilities for our country if we voted our conscience rather than considering if a candidate is "electable" or has the right image. I believe now is a time to transcend our differences, educate ourselves on the issues, question everything and consider the possible merits of another's viewpoint without dismissing it out of hand.

In this New Year may you contribute your own uniqueness and find contentment.

What a Wonderful World

This is the Year of Manifestation
Maintain good health and relationships by understanding the interconnectedness of your life.

You might be wondering who I am. I have developed a program to inspire you to achieve your dreams and desires, maintain good health and relationships by understanding the interconnectedness of your life. You will find the program quite unique as it gives you tools that will move the needle for you to manifest your dreams or to greater manifestation.

Maybe like me you spent huge amounts of money on seminars and books and still could not manifest your dreams or do so consistently. Then I discovered some tools, universal principles and laws of nature that changed all that. It was like the "Midas touch". I could finally get my dreams into an output! These laws affect us whether we like it or not, know them or not. When we know and understand them, we can create anything we want to our heart's content. I am going to be sharing these tools with you!

I have discovered there are no secrets just laws you do not know YET. It is no longer about information for you can just Google anything. It is about connecting the dots and knowing how to use this knowledge or information and create tangible results. I'll teach all I know about HOW TO finally turn all the information you have received from highly paid seminars and books you read into a product. Your product could be buying real estate, forming a business, sustained weight loss finally, having a fulfilling relationship, traveling, learning to say "no", write a book etc. The laws are constant and cannot be plea-bargained, manipulated, loop-holed or bribed in any physical court of law. Whether you are a lawyer, president, teacher, male, female, black, red, white, short, tall, we all are subject to these laws. The person who knows and uses these tools moves to the outer circle!!! Hello! That would soon be you!

Contact me at the e-mail above and:

1. I'll send you a copy of my ebook "[How the Dog Became a Domestic Animal](#)" currently being sold on [Amazon.com](#) (there are teaching /coaching lessons in the story.)
2. I'll give you a 30 minute complimentary coaching session on the phone or your choice of a
 - Free Iris Analysis if you are in this area or
 - A Free copy of my "[The Villager's Guide on How to Stay Happy](#)" (not yet published). We are bombarded with stress, nutty coworkers and family daily. You need tools to keep you in a happy quadrant no matter what. Why is this tool so important? Because your creativity, productivity, strength and success is tied into your JOY - your internal fuel! (That is another "secret") Your Joy is your strength. When you are down and if you are the head of the house, you affect everyone.
 - What the heck, I'll give you all these gifts.

To give you an idea about what I do and what I'll be sharing with you so you can implement and create your dreams, click on these links:

Speeding up Regenerative Powers as we Age, by Stimulation of Natural Human Stem Cells

Protandim...The single most important supplement you can take...<http://bit.ly/mW2dNd>
@xiom Int'l, Inc., Christopher Wiechert, President, <http://bit.ly/oddivp9>
@xiom Int'l has been helping people get healthy for over 12 years with Nutrilite.

There are 2 things going on in the body everyday. Detoxifying of toxins, heavy metals and free radicals and the elimination of old dying cells. Many people refer to this as cleansing. The second thing is the rebuilding and repairing of the cells that have worn out. We call this regeneration. To be really healthy as we age, we need to do both well.

A few years back I introduced [Protandim](#). It deals with detoxification, inflammation and free radicals better than any other single supplement I have researched. I take it everyday as it lowers oxidative stress at any age to that of a 20 year old and increases the production of SOD, Catalase and Glutathione Peroxidase.

Rebuilding however is a whole other issue, that becomes more and more difficult also, as we age. Aren't the golden years fun!!!

When we are young our bodies produce adult stem cells in the bone, and migrate them into the blood stream, to look for damaged cells and organs. When they find them, they become those specialized cells and they do a wonderful job in repairing them. As we age, especially after child bearing years, it becomes more and more difficult to stimulate those repairing cells and thus, we become more and more frail.

For the last 3 years I have been studying a number of companies and nutraceuticals that have proven their ability over time to stimulate the production of, and the migration of, natural stem cells into the body, thus bringing us closer to our youthful regenerative capacity. Stem cells can repair anywhere there is blood circulation. They will not repair heart valves, as they have no blood supply.

Below is some of the supportive information and links to a program I have developed for anyone interested.

"You're never too old to become younger." Mae West

Aphanizomenon flos-aquae (AFA Concentrate) is documented to support the natural release of adult stem cells from bone marrow. AFA contains about 3% nucleic acids, the richest of any commercially available food. Nucleic acids are responsible for growth and repair, regeneration; and can prevent, stop, and reverse many aspects of ageing; enhance immunity, neutralize radiation poisoning, stimulate the return of memory, reverse organic brain disorders and genetic damage; and act as stress modulators.

Undaria pinnatifida is a marine alga from pristine ocean environments around the world well known to support the immune system. Fucoïdan from Undaria Pinnatifida has been documented to support a long-lasting increase in the number of circulating stem cells. Much of the research that has been done on fucoïdan has been focused on its ability to regenerate cells. Studies have shown that fucoïdan helps support mobilization of stem cells that enable the body to replace dead cells thereby enabling tissue and organ regeneration. In addition, fucoïdan helps slow symptoms of the aging process. In study after study, fucoïdan has shown itself to be beneficial in the fight for a long, healthy life.

Polygonum multiflorum, also called He Shou Wu or Fo Ti, is an herb with a long history in supporting good health and rejuvenation. An extract of Polygonum multiflorum was recently documented to support the release of stem cells from the bone marrow. Scientific research supports He Shou Wu's traditional function as a blood tonic. He Shou Wu can greatly enhance the hematopoietic (blood producing) functions in the body. It does this directly by promoting the blood generating hematopoietic stem cells.

Cordyceps sinensis is a synergistic ingredient that has been associated with stamina and longevity, and a wide variety of health benefits. When used with AFA Concentrate, fucoïdan from Undaria pinnatifida and Polygonum multiflorum extract, it has been documented to synergistically support stem cell release.

Sample Program...

- [Paradise Herbs Fo Ti](#) - 60 Capsules - Take 1 capsules w/ BFT and 1 w /DNR.
- [Planetary Herbals Cordyceps Power CS-4™](#) - 800 mg - 120 Tablets - Take 2 tablets w /BFT and 2 w /DNR.
- [Doctor's Best Fucoïdan](#) - 60 Vegetarian Capsules - Take 1 capsule w /BFT and 1 w /DNR.
- [Klamath Blue-Green Algae](#) -- 500 mg - 130 Tablets - Start w/ 2 tablets on an empty stomach for 1 week, build it to 4 tablets by the next week.

Iridology Continuing Education Programs

There has been an enormous amount of interest in Iridology Continuing Education Programs through Joyful Living Services.

We are happy to announce that we now have 2 Continuing Education Programs to follow our Iridology Certification.

1. IIPA Certification

To become Certified by IIPA (International Iridology Practitioner's Association <http://www.iridologyassn.org>) through Joyful Living Services complete the following:

- Certified Iridologist Course - Complete and pass the 3 levels of iridology (beginning, intermediate, advanced, final exam) and become a Certified Iridologist approved by the Board of Registered Nursing and Joyful Living Services. Special Price: \$450 when 3 courses purchased together (normally \$900)
- Sign up as an Associate Member of IIPA – When you sign up for our iridology courses and/or if you are already taking our iridology courses, you can sign up as an Associate Member of IIPA through Joyful Living Services. Speak to Brenda about this. Cost is only \$50.
- Anatomy and Physiology Course – Complete and pass the Certified Anatomy and Physiology course. This course is approved by the Board of Registered Nursing and Joyful Living Services. A&P is required by IIPA for certification. All Iridologists need an understanding of how the various organs, glands and tissues interact. \$300

Please let me know if you are interested in applying for this membership in IIPA and we will forward a membership form to you. It will open up the world of iridology to you and we highly recommend it.

Why is Lyme Disease Not JUST a Tick-Borne Disease Any More?

Submitted by Vicki Van Vynckt

E-mail: vynckt@gmail.com, Iridology website: www.iridologyforhealth.com

Some experts feel that almost everyone has been exposed to Lyme disease and may have it in one way, shape or form. Whether that's true or not is up for debate, but clearly there are those who have it and are severely disabled by it. Dr Oz: Thyroid Cancer: Fastest Growing Cancer in Women

Submitted by Jean Aragon

Doctor Oz did an episode of the Dr Oz Show on Thyroid Cancer, which is the fastest growing cancer in women.

Thyroid Cancer preys on your throat silently for years before you catch it, but with [Dr Oz's Thyroid Cancer Self Exam](#), you can detect it before it is too late. 45,000 new cases of Thyroid Cancer are expected this year in America, and 3 out of 4 of these cases will be a woman. We are now twice as likely to get this cancer as we were in 1990. Dr Oz was joined by Dr. Carolyn Runowicz and Dr. James Lee, the director of the NY Thyroid Center, to discuss Thyroid Cancer. Carolyn Runowicz told Dr Oz that there is an increase in women getting Thyroid Cancer, and the scary thing is that this cancer usually starts around the age of 30-60 years old, which is when a woman is having her period. There are estrogen receptors on your thyroid, so this might be a clue as to why women who are still menstruating are more likely to get Thyroid Cancer. Dr James Lee said that we are getting better at detecting this cancer faster and sooner, and the good news is that 80% of Thyroid Cancer is picked up in stage 1 and is mainly curable at this stage.

Your thyroid secretes a hormone that affects your metabolism, heart beat, body temperature and lots of basic functions of your body. A thyroid tumor can cause problems swallowing and you can sometimes see it bulging out of your neck. Dr Oz showed an example of a healthy thyroid with a windpipe that is flexible, which means that it can get crushed if you develop a tumor on your thyroid. Your thyroid is located underneath your Adam's Apple and should feel mushy and soft, like other normal tissue. Then Dr Oz showed a thyroid that had cancer to show how the thyroid tissue is soft but the tumor is hard like a rock and will look like a big lump growing out of your neck.

The Study of Iridology

Next month I will be speaking at the IIPA symposium in Las Vegas. I hope you can all attend! It will be an excellent experience for us all in the iridology community. I've very much looking forward to connecting with all of my iridology colleagues who will be attending and speaking. I'm looking forward to meeting our students and clients at the symposium as well and I hope that we can share many life experiences and testimonials that can help those clients we have yet to meet. I will be speaking about Brachial Plexus about my son, Joshua. Since the Brachial Plexus topic will not take a full hour I will also be sharing client testimonials with you.

One of my long-time clients is Charlotte. I will share her testimonial with you here and will share her iris photos with you at the symposium. My name is Charlotte Rooney. I am 43 years old, married and have 3 boys. I have known Brenda for 15 years and I have to say that I am glad I have her in my life. The relationship that we have developed started in 1996 at a health fair near San Jose. Brenda's booth was about iridology and herbal remedies. Brenda did a study of my eyes and she discovered facts about me with such precision that I was really intrigued, almost scared of how she was able to do that. I had had 2 miscarriages, back to back and she was able to see how it had affected me physically in my irises. Shortly after, I signed up for a workshop about iridology!! There again, Brenda was the most knowledgeable and enthusiastic teacher I had ever met in a long time. Her class

was great, hands on and moreover, very precise and clear. This time, I came to her about a physical ailment I had for years and within 3 weeks, with the help of some herbs, she helped me get rid of it!! She also informed me that she was trained in muscle testing and this is where the biggest change in my life happened. Soon after she started muscle testing me and helping me rebalance my systems with some herbs, I got pregnant! Three years I had been trying, three years of trying everything!! Then I meet her, followed her advice and her recommendations about herbal supplementation and I am pregnant.... She then saw me during three pregnancies, she helped me get back in shape and get my cycle in between pregnancies, and still now, I can honestly say that Brenda totally knows me, what is going on with my body and how it reacts. She is also so good that she can muscle test me being 150 miles away from me!! I can ask her about anything and she has an answer. Also, if I have a question and she doesn't know, she does the research and emails me back with it... With that, I can also say that we have become friends. She is a person full of life, lovely and lively with two adorable kids and James is a very supportive husband of everything she does. She truly is such a great person. She is very modest about her knowledge but, as I bought the Health and Nutrition Counselor online Course of Joyful Living Services, I am again, totally taken by how much she knows and how generously she shares that knowledge with others. I can talk to Brenda about any ailment or anything and she gives me solutions. Also, she has a very holistic view of everything. She considers the person as a whole and not just a stomach. intestine.... She sees them in their natural life conditions. Her purpose, I believe, is truly to be able to joyfully live your life, whole and healthy. I do highly recommend Brenda. She is the best you could ever wish for if you need help for your health. Brenda has my number if you would like to contact me in person. Sincerely, Charlotte Rooney

This client was suffering from tremendous emotional stress. She had begun an ulcer, was close to a nervous breakdown and was addicted to over-the-counter laxatives. Additionally, she suffered from ulcerated colitis, chronic back pain and chronic hives on her arms and legs. We'll talk about her path back to wellness and how she has managed to heal her body with herbs, relaxation, medicinal herbs, and proper nutrition as well as her life path.

This client has chronic stress, joint pain and can't seem to lose weight. She is constantly exercising with Karate and Zumba plus walking and yet her body still holds on to weight. She swears by glucosamine. We will have current iris photos to share at the symposium for this client.

This client has had his aortic valve replaced due to a potential aneurism and has suffered from allergic asthma for the past 20 years. He's suffered with high cholesterol and triglycerides since he was 23 years old. He is now 78 years old. Last year he suffered from prostate cancer and chose to work with both radiation and natural supplements. The doctors were amazed and quite frankly didn't believe how fast he healed and that he had no side effects from the radiation therapy.

We'll talk about the supplements he took to help him plus his history and I'll try to take new pictures of his irises.
